Scaffold Fittings & Metal Pressings

Do you trust your scaffold fittings?

The market is flooding with inferior, lower-spec scaffold fittings.

Do you know how to spot them?

Superceded - Lower Rating

BS1139

Does Not Meet Current Legislation
Often Economy-Engineered

Inferior products cannot meet the requirements of EN74.

Current - Higher Rating

EN74

Meets All Required Legislation
Factor of Safety Built-In

All Presco fittings adhere to the highest applicable standard, only resorting to BS1139 when EN74 does not apply.

Presco is a UKAS accredited test laboratory.

All of our fittings are batch tested to EN74 and other relevant standards in our own accredited and audited facility.

Price is important. Quality and Safety are critical!

Be Sure - Specify Presco

Available through a network of approved distributors throughout the U.K.

Manufactured to ISO9002 / BS5750 / EN74 Quality Assurance.

The **PRESCO** guarantee of quality and reliability.
